

# Lumos Controls Application Installation Guide

**If you are an existing customer, you must follow the following steps to experience our new APP.**

1. Log out from WiSilica Lighting APP
2. Uninstall WiSilica Lighting APP
3. And then Download Lumos Control APP
4. Log in with your existing credentials
5. Enjoy smart lighting like never before

## **Additional Information**

Due to the differences in user management feature, all sub-users will have control access to all buildings, floors, or zones.

So the admin has to set the sub-user permission manually at the beginning if required.
